**THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS**

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE books about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-earning Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

She was certainly a dandy and is bound to figure in today's doings over the Queen City water course.

## SPEEDWAY AVENUE

It is intimated in certain quarters that a petition is likely to find its way to Council praying that the name of Maysville's most beautiful thoroughfare, Third street, be changed to that of Speedway avenue. As dare-devil automobilists and motorcyclists use it for that purpose, don't know but what it would be the proper thing to do.

No. 5, Maysville, Ky., says: "I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of helping other sufferers from kidney trouble to find relief. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant dull pains across my loins. When I stooped or lifted, sharp twinges shot through my body and caused the most intense suffering. When I heard of Doan's Kidney Pills, I procured a box at J. Jas. ## LOSE OPENING GAME

7 to 1 in Favor of Paris—The Weather Was Fine and 800 Pay to See Good Sport

Maysville Team Weak With the Stick, But Show Some Good Points

The opener at Maysville yesterday afternoon, as a starter for us in the Bluegrass League, was, to THE PUBLIC LEDGER's mind, quite satisfactory, even if we did get licked.

While Paris defeated Maysville easily in the first game here, it is something to our credit to have it put on us by the Bluegrass champions, who already have the pennant won by 100 points.

The Paris nine is a fine bunch of players, and their batting, fielding and battery are all high class. Poole, the pitcher, although a Southpaw, delivered the goods and held our boys down to 1 run and 8 goose eggs.

The Maysville team took too many chances and lost several opportunities for a run by attempting to steal bases.

The home run of Scott of Paris in the sixth inning was the feature of the game.

Kennedy of Covington, who was having a try-out pitching for Maysville made, two bad errors and was retired in the fifth inning and the new pitcher Glenn substituted. The Paris boys never made a run after Glenn went in the box.

There were 800 people out to see the game and that Maysville is the habitat of the noisy rooster was very much in evidence. The two stands erected were more than filled and with those who viewed the game from the outside would have swelled the paying crowd to \$1,500.

The umpiring of Bohannon was quite satisfactory and fair to both sides. The owners of the Maysvilles are quite hopeful of the outlook for a fine team and the public patronage to make this season and the next a big success.

### NEW PITCHER SIGNED.

Pitcher Dailey, the Lexington boy who twirled a pretty good game for Maysville against the Colts Thursday, has signed with the new Bluegrass League Club and probably will be seen with the Maysville players the rest of the year.

Other pitchers signed are Hughes and Mowery of Portsmouth, and Joe Brannon, from the Southern League, is new first baseman.

There were several auto parties down from Paris and Lexington. President Bacon of the Paris club, Scorer Lytle of Paris and A. F. Frendburg of Lexington, Secretary of the Bluegrass League, are all here for the series.

The Maysville players, Dresel and Rudy, were put on and gave a good account of themselves.

### DOUBLE-HEADER THIS AFTERNOON.

The Maysvilles will play two games with Paris this afternoon, the first game beginning

## AWFUL PAINS FULLY DESCRIBED

A Lady of Pizarro Tells Story of Awful Suffering That Cardui Finally Relieved.

Pizarro, Va.—"I suffered for several years," writes Mrs. Dorma A. Smith, "with that awful backache and the bearing down sensations, so fully described in your book.

"I tried doctors and other medicines and found little relief, until I was induced to try Wine of Cardui, when I found instant relief and today I can heartily recommend Cardui to all suffering women and think there is no other as good."

In some instances, Cardui gives instant relief; in others, it may take a little time. But in all cases of female trouble Cardui can be depended on to be of benefit, as it is a specific remedy for women and acts in a curative way on the womanly organs.

As a general tonic for women, to build up your strength, improve your appetite, bring back rosy cheeks and make you look and feel young and happy, nothing you can find will do so much for you as Cardui.

Your druggist has it.

## A NUISANCE

The burning of dead leaves and other rubbish in the public streets is a decided nuisance and should not be tolerated for a moment. Complaint has been made that residents in certain sections of the city are annoying their neighbors by burning leaves in the public thoroughfares in violation of City Ordinance governing same, and the authorities are respectfully requested to enforce the law and have the practice abated. It is a discomfort to those enjoying good health and stifling to the sick.

The phenomenal growth of our business? The business has not grown of itself, but is the result of a definite and determined policy that has been carefully carried out.

We have grown and are still growing because we have given the people the best service and the best goods at the lowest possible prices.
